TABE Forms 7&8 Retirement

Forms 7&8 of the TABE family will no longer be available for purchase after March 31, 2008. Programs using TABE 7&8 should plan to switch to TABE 9&10 on or before March 31, 2008. With TABE 9&10 you receive updated content that corresponds to the most recent national changes in adult education programs and legislation. We are confident that TABE 9&10 will meet your need to provide reliable and accurate assessment data.

TABE Complete Language Assessment System—English

Enhance learning of English-language skills for your adult students

Accurately and reliably evaluates the English-language skills and instructional needs of adult students

Levels: 4
Forms: 2
Length: Reading, Listening, & Writing—75 items, 92 minutes
Speaking (optional)—16 items, 15 minutes

Features

- Locator Test for accurate initial placement
- Easy computer-based local scoring
- Proven, research-based test questions
- Scale score, NRS ESL scores, and Student Performance Levels
- Links to instructional materials, including the All-Star series from McGraw-Hill ESL/ELT
- Alignment to key adult education ESL standards
- Instructional staff guidance materials designed for classes with learners at different proficiency levels
- Interactive staff development DVD for individual or group training sessions

Related Products

- TABE 9&10—see pages 5–7
- TestMate TABE for Windows—see page 11
- Visit CTB.com/TABE for information on Accommodations, TABE Español, and TABE Work-Related Assessments

TABE Complete Language Assessment System—English (CLAS-E) is a coordinated system of assessments, instructional support, and staff development materials. It provides you with the resources to assess the language proficiency of adult English language learners in the areas of reading, listening, writing, and speaking. Scores are linked to TABE 9&10, which helps ease your students' transition into the nation's leading adult basic education programs.

The items and passages in TABE CLAS-E focus on workplace, community, and education contexts that are practical and familiar and that will motivate adult learners. The TABE CLAS-E items are aligned with the NRS English as a Second Language (ESL) Educational Functioning Level Descriptors, Student Performance Levels, and several state standards for English language proficiency. TABE CLAS-E makes it easy for you to pinpoint student strengths and areas of opportunity and to demonstrate student gains for NRS reporting purposes.

Monitor student progress

Use the Locator Test to determine the appropriate assessment level for your students. Then use TABE CLAS-E scale scores to monitor students' progress through pre- and post-testing.

TABE CLAS-E score reports

TABE CLAS-E can be scored locally with TestMate TABE software. Get a complete picture of the skill level and progress of your students with these score reports:

- Individual Student Report
- Item Analysis Report
- Pre/Post Test Report
- Prescriptive Report
- Group List Report
- Assessment Summary Report
- Rank List Report

Enhance your skills

The Teacher's Resource Guide, Volume 1 provides guidance and information to support the assessment system, including ESL methodology, items illustrating content, and strategies for interpreting and using score results. The Staff Development Workbook and accompanying DVD or VHS tape are designed for individual or group training sessions. The workbook is an invaluable instructional tool containing sample test items, practice activities for scoring tests, and self-check quizzes on administration procedures.

Promote quality instruction

The Teacher's Resource Guide, Volume 2 can be used to target instruction for each student. Engaging and easy-to-follow lesson plans provide focused language practice in work and community situations.

With TABE CLAS-E, you can help your adult English language learners achieve success in and beyond the classroom.

ACCOMMODATIONS

TABE CLAS-E Large Print is available in the CTB online catalog at CTB.com/TABECLAS-E. For more information about testing accommodations, see our free publication—*Guidelines for Inclusive Test Administration*—at CTB.com/Accommodations

TABE 9&10

Assess skills in reading, math computation, applied mathematics, language, vocabulary, language mechanics, and spelling

Use TABE to evaluate the reading, math, and language skill levels of your students or trainees. The results will help you place each person in the appropriate instructional or training program and track progress toward success as tested by the GED Tests or other educational goals. Tests are focused on key factors required for vocational training programs and most often demanded by employers. Engaging and relevant test questions focus on items encountered in daily life, such as paychecks, bills, and advertisements. TABE comes in a variety of lengths, levels, and forms to fit your assessment needs and goals. A wide range of accommodation materials are also available to help you evaluate the skills of adults with special needs.

Quickly determine appropriate test level

Use the brief Locator Test to help you select the most appropriate of five test levels for each student. The levels are:

Level	Content Grade Range
L (Limited literacy)	0–1.9
E (Easy)	2.0–3.9
M (Medium)	4.0–5.9
D (Difficult)	6.0–8.9
A (Advanced)	9.0–12.9

Select from two types of tests

The Complete Battery edition provides detailed statistics on skill mastery and is available in five levels (L, E, M, D, and A) and two forms (9 and 10). Subtests cover Reading, Math Computation, Applied Mathematics, and Language. Vocabulary, Language Mechanics, and Spelling tests are optional.

The shorter Survey includes the same subtests and offers similar but less detailed information than the Complete Battery. It is available in four levels (E, M, D, and A) and two forms (9 and 10), and yields Total Reading, Total Math, Total Language, and Total Battery scores. Alternating use of two parallel forms, 9 and 10, helps to ensure valid results when retesting students.

Make informed placement and hiring decisions

TABE is an excellent tool that assists you in making important decisions about eligibility for academic programs and employment. It also serves as an effective screening tool when used in conjunction with information from other sources such as interviews, transcripts, and references.

Pre- and Post-Tests

Compare pre- and post-tests to determine growth using TABE scale scores. These scores describe student achievement on a numeric continuum that spans a range of grades. Whether you use Form 9 or 10, the comparable scores provide an accurate picture of student achievement. TABE 7&8 customers who are ready to transition to TABE 9&10 can do so seamlessly because TABE 7&8 scores are on the same technical scale.

Scoring

TABE can be handscored or scored locally with TestMate TABE software. In addition to its paper-and-pencil format, TABE can be administered on a Windows-based computer using TABE-PC, or over the Internet using TABE Online.

To help you use TABE most effectively in your program, you will have access to information on the links and correlations between TABE and other tests and reporting systems. These materials include studies linking TABE 9&10 to GED 2002 and the National Reporting System (NRS). You may also find frequently asked questions, a glossary of assessment terms, and other helpful information on the TABE website, CTB.com/TABE.

Accommodations

TABE 9&10 Large Print, Braille, and Audiotape editions are available online at CTB.com/TABE. For more information about testing accommodations, see our free publication, *Guidelines for Inclusive Test Administration*, at CTB.com/Accommodations

Assesses basic skills in reading, mathematics, language, vocabulary, language mechanics, and spelling

Levels: 5 (L, E, M, D, A)

Assesses adults for placement in education, training, or employment programs and determines readiness for the GED Tests

Levels: 4 (E, M, D, A)
Forms: 2 (TABE 9&10, Locator, Survey, Complete Battery)

Features

- A complete online system with automatic updates
- Immediate test results to inform instruction and training decisions
- An integrated assessment and reporting system that includes Locator Test, Complete Battery and Survey editions, and instructor training
- Rapid registration that automatically updates student history and registers students for testing
- Completely secure test administration and data storage

ONLINE

Save time and resources with Tests of Adult Basic Education administered, scored, and analyzed over the Internet

TABE Online is a system that lets you assess and report adult basic education skills at any time using the Internet. It provides you with reliable, skill-level data to screen and place students in training and employment programs or determine readiness for success as tested by the GED Tests. TABE Online includes the Locator, Complete Battery, and Survey tests for TABE 9&10.

Find greater flexibility in assessment delivery

You can give online tests to a single student or an entire group. The online system automatically scores the assessments and immediately generates reports so you will have a clear picture of skill levels.

Gain more dynamic reporting

With easy-to-read reports, you get immediate information to support important instructional and training decisions. You can view the results of any demographic group or gain a precise overview of results for a designated period of time. You'll be able to:

- Immediately create item analysis, individual student, and list reports
- Compile test results on any demographic group to meet federal and state reporting requirements
- Export data to other software applications to create custom reports, charts, and graphs, or to manage data in existing systems
- Report on National Reporting System level gains, GED Tests readiness, and norm- and criterion-referenced information

NEW Features of TABE Online

Based on your feedback, we have recently integrated several upgraded functions to TABE Online including:

- Auto Locator—TABE Online Locator test automatically schedules and assigns students for appropriate subsequent tests
- Untimed test option—You can turn off the test timer for individual students
- Pause button—You can pause the test for students who need more time
- Reports—Enhanced and powered by TurnLeaf®, TABE enables you to generate reports by aggregating data within any node in the hierarchy. You can also report on disaggregated data by date range, demographic, or location
- Improved Accommodation Profile functionality—You have the option to adjust font color/size and background color of test questions and answers to accommodate a student's testing needs

TABE ONLINE

The minimum TABE Online order is \$860.00.

Code	Item	Quantity	Unit Price

TABE-PC 9&10 for Windows

Save time with software that automates administration, scoring, and reporting of TABE

Save your time and energy for your students with TABE-PC. TABE-PC software enables you to quickly and easily administer, score, and report TABE test results for one student or a group on your Windows-based computer. TABE-PC administers TABE 9&10 tests, including the Locator, Survey, Complete Battery, and TABE Advanced-Level Tests.

With TABE-PC, you can:

- Orient test-takers with a computer-based tutorial
- Locate and administer the most appropriate test level
- Score test results rapidly and accurately
- Report results using a variety of useful scores, including raw "number correct" scores, scale scores, and norm-referenced scores, such as percentile ranking and grade equivalents
- Generate predictive scores that indicate how students will perform on the GED Tests
- Compare your student performance to two norm-referenced groups—an adult student group that represents a selection from basic education, corrections, career/technical, and college; and a second group that represents juvenile adult basic education students
- Measure student progress with pre- and post-tests
- Utilize diagnostic information that provides a profile of each student's strong skills and areas of opportunity
- Target instruction to students with the optional TABE prescription banks
- Use popular TABE-PC features such as the student tutorial section and the ability to scramble distractors for added test security

TABE-PC Starter Set

NEW! TABE-PC test administrations are accessible over the Internet! TABE-PC administrators now have the option to receive and control test administrations either on 3.5" floppy disks or as Web-enabled administrations.

TABE Advanced-Level Tests

**Science, Social Studies,
Algebra/Geometry, and Writing**

Assessment of advanced skills as tested by the GED Tests

Advanced-Level Tests are ideal for adult students who need additional practice in higher-level subjects before taking GED Tests. Subtests in Writing, Science, Social Studies, and Algebra/Geometry cover advanced skills as tested by the GED Tests and supplement the Reading, Language, Math, and Spelling subtests offered in the TABE Survey and Complete Battery. Scores reveal that a student has mastered the topics or that more instruction and practice are needed.

Prepare students for the writing test

The Writing subtest provides two essay prompts published in separate books, enabling you to pre- and post-test your students. The format is similar to the essay used in the current GED Tests. The writing score is used in conjunction with the language score to provide a composite score. The scoring system offers an easy-to-apply rubric and holistic scoring method.

have mastered one subject can skip that subtest and concentrate on the other.

The Science subtest assesses knowledge of basic science concepts, science inquiry processes, and science in relationship to technology, society, and history. The Social Studies subtest contains both stimulus-based and stand-alone items, all incorporating a variety of materials, including drawings and graphs. Stimulus-based items are designed to assess a range of thinking skills.

Prepare students for Science and Social Studies subtests

The Science and Social Studies assessments are multiple-choice subtests that each contain 35 items. These cost-effective subtests are published together in one test book. You can administer the subtests together or at different times, depending on the needs of your students. Students who

Evaluate higher math skills

The Algebra/Geometry subtest includes 60 multiple-choice items that reflect advanced math content. This subtest offers students an opportunity to improve higher-level math skills before attempting the GED Tests. These items are combined into one subtest, presented in a single test book. Test directions, score sheets, and a scoring stencil are available separately.

TestMate TABE for Windows

Score tests and manage score reports with easy-to-use software

With TestMate TABE for Windows, you can automatically scan, score, and report results for TABE with unsurpassed speed, accuracy, and ease. TestMate TABE scores the TABE Locator, Survey, Complete Battery, and Advanced-Level tests. The program provides fast, accurate scoring, virtually eliminating human error associated with handscoring. Also, you retain control over your TABE documents and process them locally.

TestMate TABE arrives ready to install using a simple guide and easy-to-follow help screens.

Turn score data into usable results

TestMate TABE:

- Quickly generates a wide range of individual and group reports
- Combines the scores of all your students, whether they are tested using pencil-and-paper or PC format.
- Offers the capability of using pre- and post-tests to measure student progress
- Generates predictive scores that indicate how a student will perform on the GED Tests
- Allows you to compare your student performance with two norm-referenced groups—an adult student group and a second group that represents juvenile adult basic education students
- Provides National Reporting System information for Reading, Mathematics, and Language
- Helps you develop a customized study plan for each student with the optional TABE prescription banks
- Links TABE assessments to instructional materials from a variety of publishers

Put useful reports at your fingertips

With the press of a button, TestMate TABE for Windows generates reports you can use to help your students succeed, including:

- **Student Subtest Report**—Offers a skill-by-skill report for each individual student
- **Student Pre/Post Test Report**—Provides a pre/post summary for each individual student
- **Student Prescriptive Report**—Shows individual performance by skill, then refers each student to specific lessons in the books and software available in your organization
- **Rank List Report**—Presents (in roster listing) students in selected score order.
- **Group List Report**—Presents a class roster, listing each student's grade equivalent, national percentile, and additional scores
- **Group Report**—Gives summary of pre/post scores for all students in a group, plus average scores for the group selected
- **Item Analysis Report**—Presents item-by-objective results for an individual.

TABE Professional Development

Build instructor skills to get the most from TABE 9&10

Make TABE professional development materials a part of your training and support library to upgrade existing instructor skills and train new staff. They are a must for following the best practices in the use of TABE. TABE professional development materials are now available to train test administrators, proctors, and support staff. We offer complete sets of training and reference materials for administering, scoring, and using TABE. This series helps you administer and understand TABE and link results to instruction in your adult education program.

The TABE Teacher's Guides contain sample instructional materials and test items, item objectives, curriculum explanations, and correlations to various national curricula. Use assessment results to inform classroom instruction, with two new volumes:

- *TABE Teacher's Guide for Reading and Language: Linking Assessment to Learning*
- *TABE Teacher's Guide for Mathematics: Linking Assessment to Learning*

A *Guide to Administering TABE 9&10* is also available.

To schedule training or to order TABE Professional Development materials, call CTB/McGraw-Hill Customer Services at **800.538.9547**.

Building Skills with TABE

Support instruction and learning with eight comprehensive student workbooks

Each in this series of eight student workbooks is packed with interesting and engaging practice exercises to help your students master the skills assessed by TABE. Content augments classroom instruction and offers students more practice in the topics covered by TABE assessments. With TABE Individual Diagnostic Profiles as a starting point, you can use these workbooks to create a personalized study plan for each student.

Each workbook offers:

- A personal study plan for each student
- An explanation of how to build each basic skill covered by TABE
- Poetry and drama content in the Reading section (Level A) to align with new GED content
- Three new objectives in the Applied Mathematics section
- New practice items
- Completed item samples, with correct and incorrect answers explained
- Examples of real-life applications of skills
- Helpful test-taking and learning tips and reminders

You can use *Building Skills with TABE* workbooks in two ways—as consumable books that allow students to write their answers in the book, or with optional answer sheets that allow the workbooks to be reused.

Build TABE skills and increase student confidence with practice questions

Levels: 4 (E, M, D, A)

**Reading, Language, and Spelling
Math Computation and Applied Mathematics**

Features

- Ideas and methods to help your students focus on skill areas that need improvement
- Real-life examples of the skills measured by TABE
- Individual study guides

CTB/McGraw-Hill Contact Information

When you partner with CTB/McGraw-Hill, you work with an experienced team of professionals. From our staff of local Evaluation Consultants to our Customer Services Representatives, you will interact with professionals who understand and relate to your specific needs. You can be assured of complete support—before, during, and after testing. Assistance is a phone call, fax, or mouse click away.

To Request Product Information or Literature

Several groups at CTB are dedicated to answering your questions and assisting with your assessment planning.

For more information on CTB/McGraw-Hill assessment materials, please contact Customer Services.

Tel: 800.538.9547

For Help Specifying and Placing Orders

For assistance with placing an order for products or services, contact CTB/McGraw-Hill Customer Services. Representatives are available to respond to calls between 9:00 a.m. and 5:00 p.m. Eastern, Central, Mountain, and Pacific Time.

Tel: 800.538.9547
Fax: 800.282.0266
e-mail: customer_services@ctb.com

For Help with CTB Software

CTB Technical Software Support staff is available to provide assistance with CTB software between 7:30 a.m. and 5:00 p.m. Eastern, Central, Mountain, and Pacific Time.

Tel: 800.459.6522
Fax: 800.459.4210

Ordering Information

Ordering Requirements

Authorized Orders are required for all shipments. All first-time purchasers must submit an accurate and fully completed Purchaser's Qualification Statement (PQS). CTB reserves the right to require a new or updated PQS from any Customer at any time.

All prices and quotations are Net 30 Days, F.O.B. shipping point. No discount is granted for cash payments. Materials and services will be invoiced separately. Transportation charges and applicable state and local taxes are prepaid by CTB and added to each invoice. Foreign shipments are payable in advance in U.S. funds or by International Money Orders. Prices are subject to change without notice.

The minimum order for TABE Online purchases is \$860.00. Orders for Test Materials less than \$10.00 must be

accompanied by remittance, or CTB may either impose a \$10.00 minimum charge plus transportation charges or reject the Order.

Late requests for Test Materials, if accepted by CTB, may result in a delay in filling the order or incur a setup surcharge or other additional fees. Special packaging can usually be accommodated at an additional cost, if arrangements are made prior to testing.

Any discrepancies or errors in shipments or invoices for Test Materials or scoring results must be reported within 60 days of the invoice date or no adjustment or credit is possible.

CTB reserves the right to amend or terminate any of its policies, terms and conditions at any time without notice. CTB reserves the right in its sole discretion to grant or not to grant any license and to determine the terms of any license it chooses to grant.

Where to Order Materials

All Orders should be sent to CTB's Indianapolis Customer Services:

**CTB/McGraw-Hill
Customer Services Department
P.O. Box 881002
Indianapolis, IN 46208-1002**

Tel: 800.538.9547
Fax: 800.282.0266

Copyrights and Permissions

No part of CTB's tests, related materials, software, and other products and services (collectively "Test Materials") may be reproduced or distributed in any form or by any means, or stored in a database or retrieval system, without prior written permission from CTB. CTB Software may not be decompiled, reverse engineered or disassembled. CTB will consider requests to use Test Materials (generally in connection with research or other academic use), but permission must be sought in writing prior to any such use and CTB may impose reasonable conditions upon the use. Each request should include a full explanation of the requested permissions and be sent to: CTB/McGraw-Hill, Contract Services, 20 Ryan Ranch Road, Monterey, CA 93940-5703.

Licenses

Norms License: Any Customer using CTB's proprietary test norms ("Test Norms"), including schools scoring with their own computer equipment, must obtain a Norms License.

Scoring License: All Customers scanning, scoring, reporting, and/or analyzing CTB Test Materials must obtain a Scoring License. Schools and school districts scoring their own students' tests must also fulfill annual reporting requirements. A school or school district may not offer scanning, scoring or related services to any third party, including another school or school district. CTB will consider scoring licenses for regional educational agencies on a case-by-case basis. CTB generally does not grant scoring licenses to commercial scoring agencies.

Reproduction or other Test Materials Use Licenses: Organizations, including schools, that wish to reproduce, adapt, modify or use any part of CTB's Test Materials, test items, answer media, or ancillary materials in any medium are required to obtain an appropriate written license from CTB prior to any such use.

Software License: Licenses for most software products will be deemed accepted by the Customer when the plastic seal on the product is broken after delivery to the Customer. Customers should be careful to read the License before opening the shrink-wrap packaging. Some products require signed licenses that must be returned to CTB before the software will be shipped to the Customer.

Online Subscriber License: Customers desiring to use CTB's Test Materials that are available for administration and scoring online must sign the Subscribers License and receive a unique code before the product can be accessed.

Distribution, Reseller Licenses: Organizations, including schools, that wish to distribute or resell CTB's Test Materials are first required to obtain a Reseller or Distribution License. CTB will consider such license requests on a case-by-case basis.

All requests for licensing of CTB Test Materials should be submitted to:

**CTB/McGraw-Hill
Director, Contract Services
20 Ryan Ranch Road
Monterey, CA 93940
Fax: 831-393-7668**

CTB, at its sole discretion, may at any time without prior notice change its policies with regard to the sale or licensing of its Test Materials (including Software) to any Customer.

Test Materials Return Policy

Return all Test Materials (except Software) to:

CTB/McGraw-Hill
Returns Department
7500 Chavenelle Road
Dubuque, IA 52002-9655

Return Software to:

CTB/McGraw-Hill
Customer Services Department
P.O. Box 881002
Indianapolis, IN 46208-1002

Test Materials returned to any other location will not be credited.

Test Materials returned to the proper CTB location for credit will be accepted within 12 months of the invoice date if: (a) accompanied by a copy of the original packing list or a copy of the original CTB invoice listing the items being returned; and (b) the edition is current and in usable condition, meaning in original unbroken packages or unopened one-unit cartons. Loose copies and opened one-unit cartons will not be credited. Software may be returned for full credit only within the first 30 days after the original shipment. Credit cannot be given for training services that have already been scheduled or delivered. Pre-paid software support fees will be credited at the rate of 11/12ths of the total. Test results are not returnable for credit. Specimen sets, multi-level examination kits, stencils, manuals, scoring keys, and other miscellaneous accessories not sold in packages are not returnable. If all cartons are returned unopened, affix the invoice or packing list to the outside of one carton. If accepted by CTB, returns unaccompanied by an invoice or packing list will incur a 25% restocking charge.

Be sure to pack all materials carefully for the return shipment. CTB recommends using a trackable and reputable carrier when returning packages. For your own protection, insure all packages being sent to CTB.

Except as stated above, no returns will be accepted and no credits will be given, except with respect to defective merchandise. In no event may any Test Materials be returned for any reason more than 12 months after the invoice date. All transportation and insurance charges associated with returns must be prepaid and are the Customer's responsibility.

Limitation of Liability

CTB shall not be responsible or liable for the use or misuse of Test Materials. Customer assumes all responsibility for: (a) determining before ordering which Test Materials meet its needs; and (b) selecting, using, or misusing the Test Materials. Unless expressly agreed to in writing by CTB, ALL TEST MATERIALS ARE SOLD WITHOUT WARRANTY, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. RETURN, REPLACEMENT, REFUND OF PURCHASE PRICE OR CREDIT, AT CTB'S SOLE OPTION, IS CUSTOMER'S SOLE AND EXCLUSIVE REMEDY. THIS REMEDY IS IN LIEU OF ANY ACTUAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES IN CONNECTION WITH THE USE OR MISUSE OF THE CTB MATERIALS AND SERVICES. IN NO EVENT SHALL CTB'S LIABILITY EXCEED THE PURCHASE PRICE OF THE TEST MATERIALS INVOLVED IN ANY CLAIM.

The Terms and Conditions in this Catalog apply to all orders accepted by CTB and may not be excluded, modified or amended in any way by Customer's ordering documentation, order form, purchase order or otherwise, unless expressly agreed to in writing signed by an officer or director of CTB.

Purchaser's Qualifications

CTB's Test Materials contain material protected by local, United States and foreign laws and treaties relating to copyright, trade secrets and other intellectual property. Test Materials are made available to qualified Customers only on the following terms and conditions, as well as other terms and conditions set forth in this catalog, and the terms and conditions of any applicable license(s) (collectively "Terms and Conditions"):

Test Materials may only be used for educational assessment purposes within the Customer's institution. Test Materials are not generally available to individuals. Additionally, Test Materials are not generally available to commercial entities, except under specific signed licenses.

Customer, its administrators, employees, students and agents (collectively "Customer") agrees to maintain the confidentiality of Test Materials. Customer will not, without the express written consent of CTB, disclose to unauthorized parties Test Materials, in whole or in part, or otherwise infringe upon the intellectual property contained in Test Materials, or access or use Test Materials, except as explicitly authorized by all applicable Terms and Conditions.

Use of Test Materials is subject to the Standards for Educational and Psychological Testing of the American Educational Research Association, the American Psychological Association, and the National Council on Measurement in Education (collectively "Testing Standards") that describe the serious responsibilities of test users. Among other things, Customers are expected to understand the purposes of testing, its limits, the proper interpretation of results, test security and the privacy requirements for student information, including test results. Customers may obtain a copy of the Testing Standards by writing to American Educational Research Association, 1230 17th Street NW, Washington, DC 20036-3078.

Qualifying for Purchase or License

Except as provided below, all first-time purchasers must submit an accurate and fully completed Purchaser's Qualification Statement ("PQS"). An order must include an official purchase order, a letter on official letterhead that contains a purchase order number and/or other document as set forth in the Terms and Conditions or CTB catalog order form (collectively "Order").

CTB shall rely on the representations of the Customer contained in any PQS and document(s) constituting the Order. CTB shall be the sole judge of the acceptability of any PQS, Order and Customer. Home schools may not order Test Materials. Home schooled students are encouraged to be tested in public or private schools, or in an approved testing center. Customers who submit to CTB an Order for Test Materials are assuming responsibility for proper test use and interpretation, including adherence to all applicable provisions of the Testing Standards.

CTB will generally not require a PQS if:

1. The Order is from a state-approved or accredited school or college, or from a government agency. The Order must include an official purchase order or a letter on official letterhead with a purchase order number. Teachers in such institutions or agencies may place Orders using the CTB catalog order form signed an authorized administrator and accompanied by remittance.
2. The Order is from a graduate student and written on his/her academic institution's letterhead with the signature and approval of the department head, and accompanied by remittance.
3. The Order is from a member of the American Educational Research Association; the American Psychological Association; the American Speech, Language, and Hearing Association; the National Association of School Psychologists; or the National Council on Measurement in Education who indicates his/her current membership status on the order form.

Security and Protecting the Rights of Test-Takers

Customers must keep all Test Materials secure, release them only for an authorized and appropriate use, and return all Test Materials to a secure area. Further, Customers must protect the privacy of information related to testing. Among other things: "Test data maintained in data files should be adequately protected from improper disclosure. Use of facsimile transmission, computer networks, data banks, and other electronic data processing or transmittal systems should be restricted to situations in which confidentiality can be reasonably assured." (The Standards, 1999, p. 88.) CTB may refuse to sell or license Test Materials to any Customer that, in CTB sole discretion, does not meet CTB's requirements for security or usage of Test Materials.

By purchasing CTB/McGraw-Hill Test Materials or services, purchaser agrees to the terms and conditions specified in CTB's Catalogs or any applicable CTB license agreement. Purchaser accepts the responsibility for proper test administration and interpretation.

- All Test Materials purchased from CTB/McGraw-Hill will be used in accordance with the AERA-APA-NCME Standards for Educational and Psychological Testing (1999).
- Purchaser and/or other persons who may use CTB/McGraw-Hill Test Materials being purchased will have a general knowledge of measurement principles and of the limitation of test interpretations and that purchaser/they are qualified to use and interpret the results of the tests being purchased, as recommended in the AERA-APA-NCME Standards for Educational and Psychological Testing.
- The security of Test Materials will be maintained at all times. Test materials will be kept in a secure place at all times, except as necessary and appropriate to administer or score the test.
- Tests will be administered only as directed in the CTB/McGraw-Hill Examiner's Manual.
- The confidential nature of the tests and results of testing will be observed.
- Tests will not be photocopied or otherwise reproduced without consent of CTB/McGraw-Hill, including by entry into a computer memory or other electronic media. Copyright restrictions will be observed as set forth in the CTB/McGraw-Hill catalog.
- Test-takers will not be left alone with any test materials.
- Purchaser will notify CTB/McGraw-Hill of any suspected breach of any of these conditions.

CTB/McGraw-Hill respects your privacy. We use your contact information to fulfill your requests and service your account. Your information is located in a secure database in the U.S. and access is limited to authorized persons. From time to time, we may share your information with other businesses within The McGraw-Hill Companies. You can

The Power to Achieve

A Web-based Version of the Tests of Adult Basic Education

Simplify testing—get immediate results to inform instruction and training decisions

TABE Online is an easy-to-use, Web-based assessment and reporting system of adult basic education skills. This Web-based version of TABE 9&10 provides reliable skill-level data for adult educators to screen and place students in training or employment programs or to determine readiness for success on the GED Tests. Simply speaking, TABE Online provides reliable information on your adult students' skills and enables you to meet their needs more quickly and effectively.

Efficient for instructors—engaging for students

- Simplify test administration and reporting
- Engage student interest for accurate skill measurement
- Access online reports for easier information sharing
- Create a helpful overview of longitudinal growth
- Simplify data management and storage

Get the Efficiency of TABE Online Today

Find out why adult education professionals rely on TABE more than any other adult assessment in the country.

For more information on TABE Online, visit CTB.com/TABE/Online or call 800.538.9547.
